### Heritage building

The iconic building was originally built in 1926, as the Administration Building of the British Far East Command HQ. The General-Officer-Commanding, Lieutenant-General Percival, had an office in this building. The building was occupied by the Japanese Military during the Occupation (1942-1945). After the war, the British Military took it back and used it as part of the British Military Administration. After independence in 1965, the building was taken over by the Singapore Armed Forces, and in 1970, the building was used by the Singapore Command & Staff College (SCSC). In 1976, the SCSC moved out of the building, and it remained unoccupied until 1995, where it housed Fort Canning Country Club.

In November 2002, the present owners took over the premises and launched a premium members-only town club called The Legends Fort Canning Park. The brand expansion of the company led to the conceptualization of a revolutionary luxury hospitality service. In July 2011, Hotel Fort Canning was introduced, along with the stunning Glass House.
